Measurable Goal	Description of Measurement Instrument	AY 2019-2020													
<i>The mean score on the External Assessment tool should be equal to or greater than the mean score achieved by two aggregate pools external to RHU.</i>	<p>The Peregrine outbound Assessment Test for BBA was used to assess the essential business knowledge of graduating students. Two aggregate pools were used for comparison: “ACBSP Region-8” and “Outside U.S.: Middle East” colleges and universities.</p> <p>Direct Summative External Comparative Assessment</p>	<p>The CBA score exceeded that of Region 8 mean score. Specifically, CBA’s score was (46.04%) whereas the “ACBSP Region 8” mean score was (40.72%).</p> <p>Similarly, the RHU institutional mean score (46.04%) exceeded the “Outside U.S.: Middle East” mean score which was (34.79%).</p>	<p>It is clear that the CBA score for this year compared well to the scores of the two aggregate pools. It is expected that there will be a slight fluctuation from year to year, but the positive thing is that the improvement attained over the past three years was not only sustainable but also improved upon this year.</p>	<p>Comparative results will continue to be monitored in future years.</p>	<div><p>Essential Business Knowledge</p><p>External Comparison</p><p>ACBSP Region 8 and</p><p>Outside US: Middle East</p></div> <div><p>Longitudinal Comparison: Total</p><table><caption>Longitudinal Comparison: Total</caption><thead><tr><th>Period</th><th>Outbound Exam Score (%)</th></tr></thead><tbody><tr><td>4/1/2017 - 5/31/2017</td><td>38.10%</td></tr><tr><td>4/1/2018 - 5/31/2018</td><td>42.71%</td></tr><tr><td>4/1/2019 - 5/31/2019</td><td>41.15%</td></tr><tr><td>4/1/2020 - 5/31/2020</td><td>46.04%</td></tr></tbody></table><p>Aggregates</p><ul style="list-style-type: none">Outbound ACBSP Region 8 (International Council) = 40.72Outbound Outside US, Middle East = 34.79</div>	Period	Outbound Exam Score (%)	4/1/2017 - 5/31/2017	38.10%	4/1/2018 - 5/31/2018	42.71%	4/1/2019 - 5/31/2019	41.15%	4/1/2020 - 5/31/2020	46.04%

(SLO 2: BACC) Specialized Knowledge
(Comprehensive Accounting Problem in BACC 460)

To comply with ACBSP-accreditation committee's recommendation on reporting each competency's results separately, the CBA changed the assessment of specialized knowledge in BACC program from BACC 405 to BACC 460, and started reporting the results, per competency, as shown below in the following 4 pages.

(SLO 2: BACC) Specialized Knowledge – Competency #1 in Comprehensive Accounting Problem in BACC 460

Measurement and Analysis of Student Learning and Performance											
Figure 4.2 – Standard # 4 Measurement and Analysis of Student Learning and Performance											
		Analysis of Results									
Identified in Criterion 4.2	Identified in Criterion 4.1	Identified in Criterion 4.2	Identified in Criterion 4.2	Identified in Criterion 4.4	Identified in Criterion 4.2						
	Measurement Instrument	Current Results	Analysis of Results	Action Taken or Improvement Made	Insert Graphs or Tables of Resulting Trends						
Measurable goal	Comprehensive problem solving	AY 2019-2020									
Specialized knowledge in Preparing Financial Statements in compliance with IFRS and GAAP will allow 60% of students to score “Proficient” or above on a faculty-approved rubric.	Comprehensive Problem Solving was assessed using Problem solving Assessment Rubric. Competency 1: “Understands the Problem” Direct Summative Internal	In this competency 17 out of 17 students scored “Proficient” on the faculty-approved rubric, which translated into 100% of students.	As current results exceeded the target goal of having at least 60% of our students score “proficient”. Results were excellent.	The goal for this competency has been met for this year.	<div>Understanding the Problem</div> <table><thead><tr><th>Category</th><th>Percentage</th></tr></thead><tbody><tr><td>RHU Actual %</td><td>100%</td></tr><tr><td>Target Score</td><td>60%</td></tr></tbody></table>	Category	Percentage	RHU Actual %	100%	Target Score	60%

	Measurement Instrument	Current Results	Analysis of Results	Action Taken or Improvement Made	Insert Graphs or Tables of Resulting Trends						
Measurable goal	Comprehensive problem	AY 2019-2020									
Specialized knowledge in Preparing Financial Statements in compliance with IFRS and GAAP will allow 60% of students to score “Proficient” or above on a faculty-approved rubric.	Comprehensive Problem Solving was assessed using Problem solving Assessment Rubric. Competency 3: implements problem solving strategy Direct Summative Internal	In this competency 12 out of 17 students scored “Proficient” on the faculty-approved rubric, which translated into 71% of students.	As current results exceeded the target goal of having at least 60% of our students score “proficient”. Results were excellent.	The goal for this competency has been met for this year. However, performance could be improved by additional in class problem solving.	<div>Implements Problem Solving Strategy</div> <table><caption>Implements Problem Solving Strategy Data</caption><thead><tr><th>Metric</th><th>Value</th></tr></thead><tbody><tr><td>RHU Actual %</td><td>71%</td></tr><tr><td>Target Score</td><td>60%</td></tr></tbody></table>	Metric	Value	RHU Actual %	71%	Target Score	60%

	Measurement Instrument	Current Results	Analysis of Results	Action Taken or Improvement Made	Insert Graphs or Tables of Resulting Trends						
Measurable goal	Comprehensive problem	AY 2019-2020									
Specialized knowledge in Preparing Financial Statements in compliance with IFRS and GAAP will allow 60% of students to score “Proficient” or above on a faculty-approved rubric.	Comprehensive Problem Solving was assessed using Problem solving Assessment Rubric. Competency 4: communicates process and product Direct Summative Internal	In this competency 3 out of 17 students scored “Proficient” on the faculty-approved rubric, which translated into 18% of students.	As current results do not reach the target goal of having at least 60% of our students score “proficient”. Results were not satisfactory. Even though the three previous competencies should have been reflected in the final product, the majority of the students were not able to finish the assessment.	The goal for this learning outcome has not been met for this year, additional comprehensive problem solving and assessment being done in a separate quiz is recommended for the future.	Communicates Process and Product  <table><caption>Data for Communicates Process and Product Graph</caption><thead><tr><th>Category</th><th>Value (%)</th></tr></thead><tbody><tr><td>RHU Actual %</td><td>18%</td></tr><tr><td>Target Score</td><td>60%</td></tr></tbody></table>	Category	Value (%)	RHU Actual %	18%	Target Score	60%

	Measurement Instrument	Current Results	Analysis of Results	Action Taken or Improvement Made	Insert Graphs or Tables of Resulting Trends												
Measurable Goal	Project C-3	AY 2019-2020															
Specialized knowledge of the principles of HRM will allow at least 60% of students to score “Proficient” or higher on a C-3: “Designing a selection plan” .	<p>A course project was used to assess students’ knowledge and analysis in C-3: “Designing a selection plan”.</p> <p>Direct Formative Internal Assessment</p>	In this project, 8 out of 25 students scored “Proficient” or higher on the faculty-approved rubric, which translated into 32% of students.	The current results fell way below the target goal of having at least 60% of our students score proficient, so we consider this result to be highly unsatisfactory for this year. A CBA meeting concluded that students need guidance on maximizing their online learning experience, in addition to enforcing their knowhow in designing an employee selection plan.	<p>1. It was decided to add an in-class case example on designing an employee selection plan and criteria.</p> <p>2. It was decided to offer all new students some guidance on online learning within a segment integrated into the orientation session.</p> <p>3. Faculty will also spend part of their introductory session in each course on how to maximize the online learning experience.</p>	<div>Designing an Employee Selection Plan</div> <div><p>Develop Selection Plan</p><table><thead><tr><th>AY</th><th>RHU Actual %</th><th>RHU Target %</th></tr></thead><tbody><tr><td>AY 2019-2020</td><td>32%</td><td>60%</td></tr><tr><td>AY 2020-2021</td><td></td><td>60%</td></tr><tr><td>AY 2021-2022</td><td></td><td>60%</td></tr></tbody></table></div>	AY	RHU Actual %	RHU Target %	AY 2019-2020	32%	60%	AY 2020-2021		60%	AY 2021-2022		60%

Measurable Goal	Phone survey reporting employment within 1 year of graduation	Class of 2019-2020																		
SLO 3: Employability skills taught by all programs in the college will enable 50% or more of CBA graduates to find employment within 1 year of graduation	A phone survey will be conducted by the D.A. at the college of business, asking graduates of 2019-2020 whether they had found employment within 1 year of graduation. Direct summative External Assessment	The results of this survey yielded a score of 56% employment rate within 1 year after graduation.	This year’s results (56%) were higher than the target of 50%. The results were discussed by CBA faculty and we came to the conclusion that they are acceptable given the current circumstances of COVID, economic collapse and political turmoil.	No actions will be taken that are related to the programs or curricula. However, continuous effort will be made to assist students in finding employment opportunities. Measurable Goal	Case study in Introduction to Management C-1	AY 2019-2020															
Students should be able to demonstrate good critical thinking skills. Measure: 60% of students to score “Proficient” or higher on a faculty-approved rubric.	The first competency (C-1) was assessed through a graded case study in the Introduction to Management course BMGT 200, which requires students to identify problematic issues before analyzing the risks, proposing and evaluating solutions. The case was graded using a faculty approved Rubric. In the past 3 years, this competency was assessed in BMKT 200, which was also an introductory business course. The same competencies are assessed this year but in BMGT 200. Direct Formative Internal Assessment	In this case study, students were assessed on 4 competencies. On this first competency (identifying the issue), 9 out of 11 students were proficient, which translated into an 82% proficiency rate.	Results on this competency this year reached 82%, exceeding the target goal of having at least 60% of our students score “Proficient.”	None.	<div>Critical Thinking C-1 Identify the Issue</div> <div><div>Identify the Issue</div><table><thead><tr><th>Year</th><th>RHU Actual</th><th>RHU Target</th></tr></thead><tbody><tr><td>2019-2020</td><td>82%</td><td>60%</td></tr><tr><td>2020-2021</td><td>60%</td><td>60%</td></tr><tr><td>2021-2022</td><td>60%</td><td>60%</td></tr></tbody></table></div>	Year	RHU Actual	RHU Target	2019-2020	82%	60%	2020-2021	60%	60%	2021-2022	60%	60%

Measurable Goal	Case study in Introduction to Management C-4	AY 2019-2020															
Students should be able to demonstrate good critical thinking skills. Measure: 60% of students to score “Proficient” or higher on a faculty-approved rubric.	The fourth competency (C-4) was assessed through a graded case study in the Introduction to Management course BMGT 200, which requires students to evaluate suitable solutions to business issues. The case was graded using a faculty approved Rubric. Direct Formative Internal Assessment	In this case study, students were assessed on 4 competencies. On this fourth competency, 7 out of 11 students were proficient, which translated into a 64% proficiency rate.	Results on this competency this year reached 64%, exceeding the target goal of having at least 60% of our students score “Proficient.”	Results were analyzed by the CBA faculty and it was concluded that under the circumstances, a decline in performance is expected and that continued monitoring of results will be done.	<div><div>Critical Thinking C-4 Evaluate Solutions</div><div><div>Evaluate Solutions</div><table><thead><tr><th>Year</th><th>RHU Actual</th><th>RHU Target</th></tr></thead><tbody><tr><td>2019-2020</td><td>64%</td><td>60%</td></tr><tr><td>2020-2021</td><td></td><td>60%</td></tr><tr><td>2021-2022</td><td></td><td>60%</td></tr></tbody></table></div></div>	Year	RHU Actual	RHU Target	2019-2020	64%	60%	2020-2021		60%	2021-2022		60%

Measurable Goal	ILP Course Report	AY 2019-2020																		
Training on Critical Thinking & Integration will allow <i>at least 60% of seniors to score “Proficient” or higher on a faculty-approved rubric.</i>	<p>The Integrative Learning Project (ILP) in BADM 495-B was used to assess students’ critical thinking and integration. The Faculty-Approved ILP Rubric was used in grading.</p> <p>Direct Summative Internal Assessment</p>	In this project, the proficiency rate reached 100% on the ILP faculty-approved rubric, which reflected students’ competence in critical thinking and integration of skills.	It is not a cause of concern that the score on this SLO (100%) seems a bit high. The score reflects students’ critical thinking after three years of preparation and training in the program, and after much mentoring and coaching by ILP supervisors. Students eventually do reach a high level of critical thinking and integration.	This assessment will change next year in response to the site-visit committee’s recommendation that we assess this competency in BADM 490 which is a course that involves the creation of a business plan in which students are better able to demonstrate their critical thinking abilities.	<div><h3>Critical Thinking and Integration</h3><table><caption>Critical Thinking & Integration SLO4</caption><thead><tr><th>Year</th><th>RHU Actual Score</th><th>Target Score</th></tr></thead><tbody><tr><td>2016-2017</td><td>100%</td><td>60%</td></tr><tr><td>2017-2018</td><td>81%</td><td>60%</td></tr><tr><td>2018-2019</td><td>92%</td><td>60%</td></tr><tr><td>2019-2020</td><td>100%</td><td>60%</td></tr></tbody></table></div>	Year	RHU Actual Score	Target Score	2016-2017	100%	60%	2017-2018	81%	60%	2018-2019	92%	60%	2019-2020	100%	60%

Measurable Goal	Business Ethics Competency-1	AY 2019-2020															
Basic knowledge of principles of ethics and understanding of business ethics applications will enable at least 60% of students to score “Proficient” or higher on a faculty-approved rubric.	Business Ethics Case-Study was used to assess the competence of identifying the ethical issue, and a Faculty Approved Rubric was used for grading. Direct Formative Internal Assessment	This year, this competency was assessed and reported separately. The proficiency rate for this competency was only 19%. Reporting the results separately for each competency allowed us to identify the exact weakness and figure out a way to address it.	As the actual RHU score for this assessment was only 19% which was less than the target score of 60%, we had a discussion of the possible causes, and there was agreement that a possible cause might be the unanticipated events that took place over the year (the fires, uprising, economic collapse and COVID19) which led to the adoption of online teaching methods, requiring students to suddenly adapt and possibly affecting their performance.	1. Extensive attention will be paid to this competency and students will receive more practice in identifying the ethical issue to ensure progress the next year. 2. The Student Learning Center, in its virtual version, will offer online assistance on how to optimize the use of the university online learning system available at RHU, assisting students by answering their questions and solving their problems. 3. The <i>New Students Orientation</i> session will introduce online learning to students and how to optimize their learning experience. 4. There will be continued monitoring of students’ performance over the coming AY.	<div>C-1 Identify the Issue</div> <div><p>Identify the Issue</p><table><thead><tr><th>Academic Year</th><th>RHU Actual %</th><th>RHU Target %</th></tr></thead><tbody><tr><td>2019-2020</td><td>19%</td><td>60%</td></tr><tr><td>2020-2021</td><td></td><td>60%</td></tr><tr><td>2021-2022</td><td></td><td>60%</td></tr></tbody></table></div>	Academic Year	RHU Actual %	RHU Target %	2019-2020	19%	60%	2020-2021		60%	2021-2022		60%

Measurable goal	CBA Alumni Survey	2019-2020			
Program Goal 4 (SLO 6) Demonstrate knowledge of business best practices qualifying graduates for advancement, professional certification, and/or pursuit of graduate education. Previous Measure: <i>The percentage of graduates who:</i> 1) found employment within 1 year 2) enrolled in a graduate program 3) sought professional certification	Based on our meeting with the site-visit committee, it was suggested that this survey does not serve as an appropriate measure of competence for advancement and growth. Therefore, and based on deliberations among CBA faculty, it was decided to measure this SLO through the PDP in BADM 215 as an internal assessment until we perform a revision of the SLO and determine the best way to measure it. Direct Summative External Assessment	The survey will not be conducted this year. SLO6 will be assessed only through the PDP in BADM 215.			Competence for Advancement & Growth In CBA Alumni Survey

Graduate Assessment

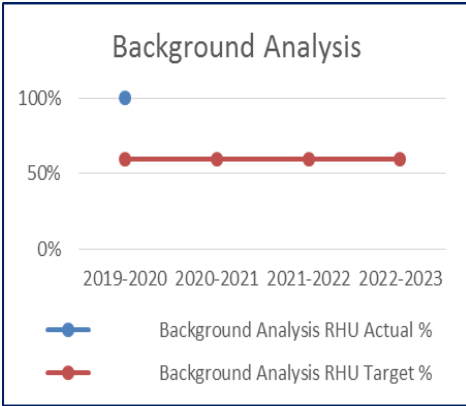

2019-2020

SLO 1: MBA – Managerial Dimension

Course Project in BMGT 500

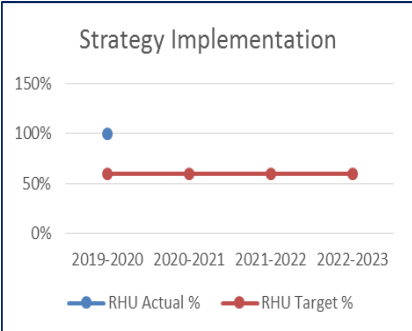

To comply with ACBSP-accreditation committee's recommendation on reporting each competency's results separately, the CBA started reporting the results, per competency, as shown below in the following 4 pages.

Measurable Goal	Ethics & Social Responsibility Case Analysis C-3	AY 2019-2020																		
A good understanding and awareness of ethics and corporate social responsibility will enable 60% of students to score “Proficient” or higher on LO3.	<p>Students’ ability to “propose solutions” was assessed through a fully-fledged case study that was graded using a faculty-approved rubric.</p> <p>Direct Formative Internal Assessment</p>	Only 6 out of 8 students scored “Proficient” on the faculty-approved rubric, which translated into 75% of students.	Results exceeded the target goal of having at least 60% of our students score “Proficient.”	Therefore, it was decided to continue to monitor student performance on this competency to ensure meeting the target.	<div><div>C-3 Propose Solutions</div><div><div>Propose Solutions</div><table><thead><tr><th>Year</th><th>RHU Actual %</th><th>RHU Target %</th></tr></thead><tbody><tr><td>2019-2020</td><td>75%</td><td>60%</td></tr><tr><td>2020-2021</td><td></td><td>60%</td></tr><tr><td>2021-2022</td><td></td><td>60%</td></tr><tr><td>2022-2023</td><td></td><td>60%</td></tr></tbody></table></div></div>	Year	RHU Actual %	RHU Target %	2019-2020	75%	60%	2020-2021		60%	2021-2022		60%	2022-2023		60%

Measurable Goal	Ethics & Social Responsibility Case Analysis C-4	AY 2019-2020																		
A good understanding and awareness of ethics and corporate social responsibility will enable 60% of students to score “Proficient” or higher on LO4.	Students’ ability to “evaluate the proposed solutions” was assessed through a fully-fledged case study that was graded using a faculty-approved rubric. Direct Formative Internal Assessment	Only 4 out of 8 students scored “Proficient” on the faculty-approved rubric, which translated into 50% of students.	Results were far below the target goal of having at least 60% of our students score “Proficient.”	Therefore, it was decided to focus on the fourth competency, “Evaluation of proposed solutions”, to make sure students attain this competency. A practice case will be introduced where emphasis is placed on Competency #4.	<div><div><h3>C-4 Evaluate Proposed Solutions</h3><h4>Evaluate Solutions</h4><table><thead><tr><th>Year</th><th>RHU Actual %</th><th>RHU Target %</th></tr></thead><tbody><tr><td>2019-2020</td><td>50%</td><td>60%</td></tr><tr><td>2020-2021</td><td>60%</td><td>60%</td></tr><tr><td>2021-2022</td><td>60%</td><td>60%</td></tr><tr><td>2022-2023</td><td>60%</td><td>60%</td></tr></tbody></table></div></div>	Year	RHU Actual %	RHU Target %	2019-2020	50%	60%	2020-2021	60%	60%	2021-2022	60%	60%	2022-2023	60%	60%
