Measurable Goal	Description of Measurement Instrument	AY 2023-2024															
<i>The target mean score on the External Assessment tool should be equal to or greater than the mean score achieved by two aggregate pools external to RHU.</i>	The Peregrine outbound Assessment Test for BBA was used to assess the <u>essential business knowledge</u> of graduating students.	The CBA score has been declining for the past two years, reaching level of 43.75% below the two selected pools	The CBA score for this year compared unsatisfactory to the scores of the two aggregate pools.	Results were distributed to faculty members to investigate the potential reasons behind the decline, and it was found that students are not taking the exam seriously. College is planning to implement a strategy starting 24/25													
	Two aggregate pools were used for comparison: “ACBSP Region-8” and “Outside U.S.: Middle East” colleges and universities.

Employability skills will enable 60% of students to score “Proficient” or higher on competency 3 “Presenting employability skills in an organized, effective, and creative approach.”	Competency 3 “Presenting employability skills in an organized, effective, and creative approach” was assessed through Part C in Presentation. Direct Formative Internal Assessment	In this part, 91 out of 101 students scored “Proficient” on this competency based on a faculty-approved rubric, which translated into 90% of students.	The mean score for this competency was around 80.3%, & 90% of students scored “Proficient” or higher. Results were below the target goal of having at least 60% of our students scoring “Proficient.”	None. Results exceeded those of last years. Therefore, we will keep monitoring performance next time. The students’ competency level in SLO3 will be assessed the next time the course is offered in Fall 2024-2025.	<div>C-3 Presenting employability skills in an organized, effective, and creative approach.</div> <div><table><caption>C-3 Data</caption><thead><tr><th>Year</th><th>RHU Actual</th><th>RHU Target</th></tr></thead><tbody><tr><td>2019-2020</td><td>41%</td><td>60%</td></tr><tr><td>2020-2021</td><td>58%</td><td>60%</td></tr><tr><td>2021-2022</td><td>90%</td><td>60%</td></tr><tr><td>2022-2023</td><td>90%</td><td>60%</td></tr><tr><td>2023-2024</td><td>90%</td><td>60%</td></tr></tbody></table></div>	Year	RHU Actual	RHU Target	2019-2020	41%	60%	2020-2021	58%	60%	2021-2022	90%	60%	2022-2023	90%	60%	2023-2024	90%	60%

Measurable Goal	Case study in Introduction to Management C-1	AY 2023-2024																					
Students should be able to demonstrate good critical thinking skills. Measure: 60% of students to score “Proficient” or higher on a faculty-approved rubric.	The first competency (C-1) was assessed through a graded case study in the Introduction to Management course BMGT 200, which requires students to identify problematic issues before analyzing the risks, proposing and evaluating solutions. The case was graded using a faculty approved Rubric. Direct Formative Internal Assessment	In this case study, students were assessed on 4 competencies. On this first competency (identifying the issue), 78 out of 88 students were proficient, which translated into an 88.63% proficiency rate.	Results on this competency this year reached 88.63%, exceeding the target goal of having at least 60% of our students score “Proficient.”	A similar case study was solved in class first. Then, the case was given in class instead of case analysis at home.	<div>Critical Thinking</div> <div>C1</div> <table><thead><tr><th>Year</th><th>C1 RHU Target</th><th>C1 RHU Actual</th></tr></thead><tbody><tr><td>2019-2020</td><td>60%</td><td>88.63%</td></tr><tr><td>2020-2021</td><td>60%</td><td>88.63%</td></tr><tr><td>2021-2022</td><td>60%</td><td>88.63%</td></tr><tr><td>2022-2023</td><td>60%</td><td>88.63%</td></tr><tr><td>2023-2024</td><td>60%</td><td>88.63%</td></tr></tbody></table>	Year	C1 RHU Target	C1 RHU Actual	2019-2020	60%	88.63%	2020-2021	60%	88.63%	2021-2022	60%	88.63%	2022-2023	60%	88.63%	2023-2024	60%	88.63%

Measurable Goal	Ethics & Social Responsibility Case Analysis	AY 2023-2024																					
A good understanding and awareness of ethics and corporate social responsibility will enable 60% of students to score “Proficient” or higher on LO4.	<p>Students’ ability to “evaluate the proposed solutions” was assessed through a fully-fledged case study that was graded using a faculty-approved rubric.</p> <p>Direct Formative Internal Assessment</p>	4 out of 4 students scored “Proficient” on the faculty-approved rubric, which translated into 100 % of students.	Results failed to exceed the target goal of having at least 60% of our students score “Proficient.”	Therefore, it was decided to include more in-depth discussions and analysis so students can think outside the box to increase scores of this learning objectives	<p>Evaluate Proposed Solutions</p> <div><p>Evaluate the solutions</p><table><thead><tr><th>Year</th><th>RHU Actual %</th><th>RHU Target %</th></tr></thead><tbody><tr><td>2019-2020</td><td>50%</td><td>60%</td></tr><tr><td>2020-2021</td><td>90%</td><td>60%</td></tr><tr><td>2021-2022</td><td>85%</td><td>60%</td></tr><tr><td>2022-2023</td><td>55%</td><td>60%</td></tr><tr><td>2023-2024</td><td>100%</td><td>60%</td></tr></tbody></table></div>	Year	RHU Actual %	RHU Target %	2019-2020	50%	60%	2020-2021	90%	60%	2021-2022	85%	60%	2022-2023	55%	60%	2023-2024	100%	60%
