

Affordable Excellence in Education

2024-2025

ADMISSIONS GUIDE

WHY RHU?

RHU students and graduates are a true testimony to the university's quality of education. I had the opportunity and pleasure to hire several RHU graduates and alumni in various fields of specialty, and they have always proven to be professional, reliable, hard-working, and fast-learning individuals. I am strongly convinced that RHU students and graduates receive a quality education that prepares them to enter a challenging market and succeed as I have experienced it first-hand.

IMA® endorses RHU College of Business Administration Accounting program

In spite of the difficult circumstances surrounding us in Lebanon, the **RHU College of Business Administration** earns a valuable endorsement of quality by the worldwide **IMA | Institute of Management Accountants**.

With this stamp of excellence, Rafik Hariri University becomes the second university in Lebanon to join nearly 100 universities worldwide in the IMA's Higher Education Endorsement Program.

RHU College of Engineering has acclaimed accreditation by the Federation of Arab Engineers for its degrees and majors. This will enable our graduates to pursue their engineering careers and join professional societies across the

The independent review committee of experts designated by the Accreditation Council has testified in its executive summary that: “The College of Business Administration is characterized by an effective methodology of work, cooperation, collective decision-making, individual interest in students, and relentless pursuit of quality education, with a focus on students’ results... This accreditation is evidence that the CBA at RHU is committed to providing the highest quality of business education.”

A statement by ABET that summarizes what RHU stands for: “A highly supportive and positive, student-centered learning environment exists across all programs.” “Students take full advantage of access to caring professors, state-of-the-art facilities, and laboratories. This environment enhances the overall educational experience of students and prepares them to enter engineering practice.”
