Schedule Modification

The student may modify course schedule after registration by adding and/or dropping courses during the official drop and add period noted in the academic calendar. The student completes the Schedule Modifications Form, attains the approval of the academic advisor and the department chairperson and settles consequential financial obligations immediately after completing the transaction on the RHUSIS. If the course modification results in a load less than 12 credits or more than 18 credits, approval of the Dean is also required.

Dropping Courses

Students who do not plan to continue in a course must drop it during the drop/add period otherwise the student remains financially accountable for the course. A course dropped during the official drop and add period will be deleted from the student's schedule and the student will be relieved from the financial liability associated with the deleted course. If a refund is due, the provisions of the refund policy will apply.
